

User Acceptance Testing (UAT) Template

Date	19 July 2024
Team ID	SWTID1720150432
Project Name	EagerEats - Food Ordering App
Maximum Marks	

Project Overview:

Project Name: Eager Eats

Project Description: Eager Eats is a food delivery application built using the MERN stack (MongoDB, Express.js, React.js, and Node.js). The application allows users to browse through various food options, place orders, and track their delivery status.

Project Version: 1.0.0

Testing Period: 14-jul-2024 to 19-jul-2024

Testing Scope:

Features and Functionalities to be Tested:

1. User registration and login
2. Browsing food items
3. Adding items to the cart
4. Placing an order
5. Viewing order history
6. Tracking order status

User Stories or Requirements to be Tested:

1. As a user, I should be able to register and log in to the application.
2. As a user, I should be able to browse available food items.
3. As a user, I should be able to add items to my cart.
4. As a user, I should be able to place an order for the items in my cart.
5. As a user, I should be able to view my order history.
6. As a user, I should be able to track the status of my orders.

Testing Environment:

URL/Location: <http://localhost/3000>

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User Registration	1. Navigate to the registration page 2. Enter valid user details 3. Click on the 'Register' button	User should be registered successfully	User registered successfully	Pass
TC-002	User Login	1. Navigate to the login page 2. Enter valid credentials 3. Click on the 'Login' button	User should be logged in successfully	User logged in successfully	Pass
TC-003	Browsing food items	1. Navigate to the food items page	User should see a list of available food items	List of food items displayed	Pass
TC-004	Adding item in cart	1. Browse food items 2. Select an item 3. Click on 'Add to Cart' button	Item should be added to the cart	Item added to cart	Pass
TC-005	Placing order	1. Navigate to the cart 2. Click on 'Checkout' button	Order should be placed successfully	Order placed successfully	Pass

TC-006	Viewing the orders history	1. Navigate to the myorder page	User should see the list of past orders	myOrder history displayed	Pass
--------	----------------------------	---------------------------------	---	---------------------------	------

Bug Tracking:

Bug ID	Bug Description	Steps to reproduce	Severity	Status	Additional feedback
BG-001	Error in User Registration	1. Navigate to the registration page 2. Enter invalid user details 3. Click on 'Register' button	High	Closed	nil
BG-002	Cart not updating	1. Add items to cart 2. Navigate to cart page 3. Remove an item from cart	Medium	Closed	nil
